## JOB ADVERT

Makerere University College of Health Sciences, School of Public Health (MakSPH), Department of Epidemiology & Biostatistics, in conjunction with UVRI-IAVI HIV Vaccine Program is conducting a phase III randomized clinical trial on Pre-Exposure Prophylaxis for HIV whose short name is **PURPOSE-1**. The project requires the services of a qualified, licensed, hard-working and reliable driver.

### Duties and Responsibilities

- Ensure the assigned project vehicle is in good mechanical condition, has all the required statutory clearances and is road-worthy at all times
- Provide safe, comfortable and reliable transportation of staff, participants and logistics
- Perform periodic project vehicle maintenance support roles on the assigned vehicle, including preparation and submission of accurate maintenance records
- Ensure proper documentation of the assigned project vehicle movements
- Hand deliver biological samples to designated laboratories in a timely manner
- Perform any other duties as may be assigned by the supervisor or the Principal Investigator but within the limits of the expected responsibilities of a driver

### Qualifications

- A minimum academic qualification of A' level (UACE) certificate
- Minimum of 5 year's progressive work experience in a similar position
- A valid driving license is a MUST
- Ability to work for long hours
- A recommendation letter from LC1 Chairperson of area of residence

### How to apply

Interested persons should send an application letter together with their CV, 2 reference letters from previous employers or credible societal members and copies of academic certificates to [imutyaba@musph.ac.ug](mailto:imutyaba@musph.ac.ug) not later than 16<sup>th</sup> April 2023. The application should be "Driver- PURPOSE-1 TRIAL" and should be addressed to the Dean, School of Public Health, College of Health Sciences, Makerere University. **Only shortlisted candidates will be contacted.**
